# The 2-Minute Multiplier

Small moments that shape great  
leaders.

---

**The 10th Multiplier**

# This Week's Action:

**Invite a quiet person  
to share their opinion.**

---

**Silence does not mean  
lack of insight.**

# Why this matters

Research on group dynamics shows that quieter team members often process deeply before speaking.

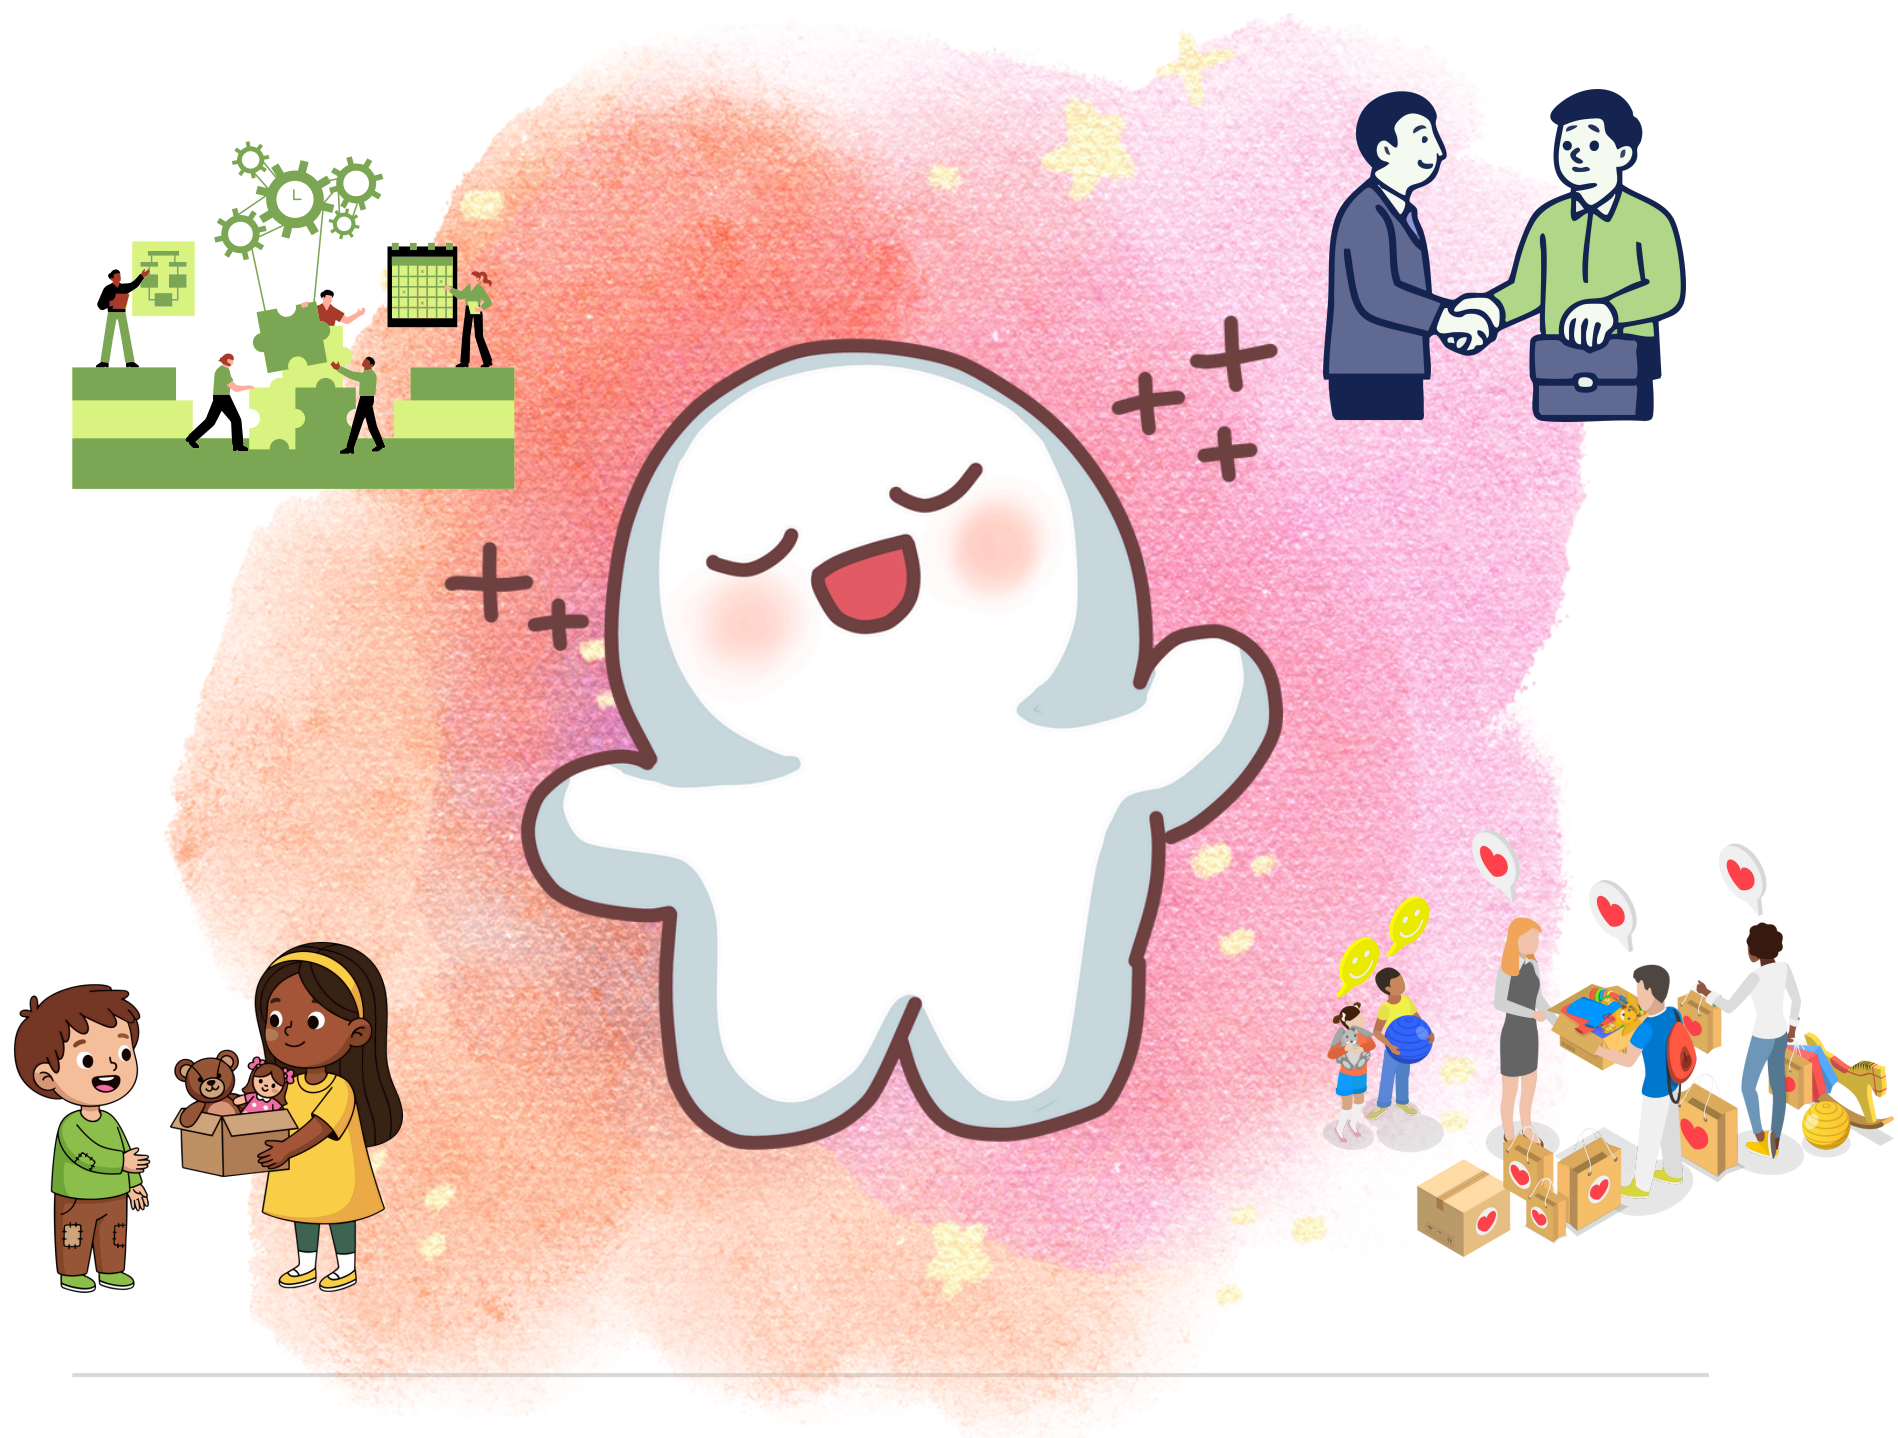

---

When leaders invite them in, teams gain perspectives that would otherwise remain unheard.

# The Multiplier Effect

**Inclusion strengthens  
collective intelligence.**

**Over time, this multiplies into  
better decisions, higher engagement,  
and a culture of respect.**

# Try it today!

**In your next meeting, ask  
“We have not heard from you yet.  
What do you think?”**

---

**Watch how inclusion  
multiplies into contribution.**

---

**Follow  
Ecube Training and  
Consulting  
to grow into the  
leader you once  
wished you had.**
